

Product Detail

Modular Filters provide versatility and economic value for commercial and industrial applications. These filters deliver proven performance in diverse applications while reducing liability at an affordable price.

Features:

- ◆ Multiple configurations; single to six-high stack
- ◆ High pressure models up to 100 PSI at 70° F
- ◆ 20 GPM for single unit; 60 GPM for multiple unit
- ◆ Comes with mounting hardware
- ◆ Made from NSF-61 rated gray PVC
- ◆ Vertical or Horizontal applications
- ◆ Low maintenance
- ◆ Variety of Filter Media Options

Common Applications:

- ◆ Waste Water
- ◆ Process Water
- ◆ Pre-Treatment Filtration
- ◆ Final Polish
- ◆ Car Wash Water
- ◆ Holding Tank Filtration
- ◆ Desalination Pre-Filtration
- ◆ Aqua Culture Chemical Injection

Filter Inserts Available:

- ◆ 100 Micron Cartridge Filter
- ◆ 25 Micron Cartridge Filter
- ◆ BioTwist Two-Stage Filter
- ◆ Carbon/Resin Loose Media Sock Insert
- ◆ Drop-In Debris Basket Screen

Available Options and Accessories:

- ◆ Horizontal and wall mount brackets
- ◆ Pressure Gauge
- ◆ Pulsation Dampeners
- ◆ Customized Port Adaptors
- ◆ Stand with Re-pressurization pump

The BioTwist is a groundbreaking way to effectively filter water and capture sludge and suspended solids with the largest surface area possible. There is no bio-degradation of filter media, low back pressure and it is reusable.
